

# Help your clients build a modern dental business

Leveraging up to **3X** their **monthly NHS income** in additional funding.

## Dental practices are becoming dental businesses

As dental practices offer new services—and the sector evolves with a greater focus on the business itself—there has never been a better time for entrepreneurially-minded people to build a thriving multi-practice dental business.

Whether the client has just acquired their first practice or is looking ahead, growing their business and keeping it current demands a substantial investment. That's where TradeBridge comes in. We provide your clients up to **3X** their **monthly NHS income** in additional funding to help them seize more growth opportunities.

### Invest in the future of your business

Access the funding you need to build the dentistry business that you envision:

- ✓ Acquire additional practices
- ✓ Build a clinical environment for delivering new ancillary services
- ✓ Invest in new technologies that improve services and increase efficiency

### Finance for dentists

Traditional finance simply isn't suited to scaling a modern dentistry business. That's why we built a funding model that was designed to work specifically for your business. With TradeBridge you get:

- ✓ The funding you need to make a real impact on your business
- ✓ Freedom to make the investment decisions that you choose
- ✓ Financing that grows as you grow
- ✓ Support from people who live and breathe your world

We use real-time trading data and other business information to assess the true strength of your business. That lets us lend with confidence where others simply cannot.

### More than a 'button click'

At TradeBridge you'll be collaborating with real people whose only goal is to understand the levels and types of financing that will work best for your dental clients business.

**Clare Briggs**  
Associate Director

### We've helped many dentistry owners build their business

"We are delighted! The difference TradeBridge and this facility has made to our business is enormous. This changes the game for us."

**Dr Ruby Mahal**  
JDRM Dental Care
